You don't have any devices.

Add to Wishlist

2. Upon opening the application, allow notifications from MaX UC. Once downloaded click 'Login' followed by '**Log in Manually**'.

3. Select '**Hughes FLEX**' in the carrier drop down menu.
4. Next you will see '**Terms of Use**' – Be sure that you '**Allow Incoming Calls**' and '**Allow Outgoing Calls**' then 'Accept & Continue'.
5. Be sure to use the '**Remember My Password**' slider when logging in to, so you do not have to key in your credentials each time you access MaX UC Mobile.
6. Login using your direct dial business , area code and phone number (no dashes or spaces) Next key in your CommPortal password. *(Please consult your system administrator if unsure of your CommPortal password)*
7. You will be prompted with a few permissions to '**Access You Contacts**', **Access to Microphone** and **Siri** access if using an iPhone.
8. '**Move Calls to Mobile**' Key in your mobile phone number and touch 'Continue'.
9. Allow MaX UC access to your **Microphone and Contacts**.
10. The Welcome to MaX UC tutorial slide will begin. (you may revisit the tutorial from the Profile & Settings tab any time.
